ANNAPOLIS INTERIORS

Principal Lisa Tullai has been in business for 15 years, working with a staff of two on interior design projects, new builds and renovations. “While we interpret a client’s preferred aesthetic,” Tullai notes. “Our forte is pushing the boundaries to create a unique, eclectic and lively outcome.”

Clockwise from above: A sunroom is animated by a bright palette and a coastal vibe. A tranquil primary bedroom offsets rustic, reclaimed-pine flooring with custom furnishings that feel both elegant and approachable. Lisa Tullai detailed this transitional kitchen with hand-painted tile backsplash and added a mix of textures, finishes, and colors shown beyond in the pass-through Pantry.
